The well-being of my clients, visitors, staff and community remain my highest priorities. I am paying close attention and keeping well informed with local and state health officials as well as the Centers for Disease Control and Prevention to inform my clients to pay close attention to their safety and the public health concerns created by the presence of coronavirus (COVID-19) in our community.

While in the office, with me, I have developed some practices that will assist in your safety while with me. Please note that I will be cleaning the treatment room thoroughly before and after every appointment. To further ensure everyone's safety and well-being, I ask for your participation in following the appointment procedures listed below, as well as confirmation of the pre-appointment questions.

I appreciate your understanding and support as we work to navigate this unique situation and keep everyone safe and comfortable.
